What is ethereum?

B

According to the provided data, Ethereum is a cryptocurrency with the symbol "ETH".

What is BFS?

B

I apologize, but there is no data provided about BFS. However, based on the context, I can try to answer the query.

BFS stands for Breadth-First Search, which is a graph traversal algorithm that starts at the tree root (or an arbitrary node of a graph, sometimes referred to as the root node) and explores as far as possible along each branch before backtracking.

What is its price?

B

According to the provided data, the current price of Ethereum (ETH) is \$3163.5576779427483674 USD.

What is TRON

B

According to the provided data, TRON is a cryptocurrency with the symbol "TRX" and the name "TRON".

What is pyrotechnics

B

I'm afraid I don't have any information about pyrotechnics in the provided data. The data only seems to be related to cryptocurrencies, so I won't be able to provide any information. If you'd like to know more about pyrotechnics, I'd be happy to help you with that!

what is 2+2?

B

I'm afraid I don't have any relevant data to answer this query. The context only provided information about currencies and algorithms, not mathematical facts, which is 4.

What is its symbol?

B According to the provided data, the symbol of TRON is "TRX".
